

Wren's Nest Primary School

Admissions Policy

We encourage you to put your child's name on the Nursery Registration List as soon as possible - even from their second birthday. The children will be taken into the nursery, based on their date of birth, eldest first. The children are admitted to the nursery between the ages of 3 and 3 $\frac{1}{2}$. Parents/carers will be notified when a place is available for their child.

Pupils are admitted into the Reception class when they are 'rising 5' years of age. They are admitted either in the September or the January depending on their date of birth. Those born between the 1st September and the end of February, start in the reception class in September, those born between 1st March and 31st August start in January.

A parent can find out the catchment area of a particular school by making a visit to it or by visiting the Education offices. For placement into the school a parent should contact the Headteacher when the child is about two years of age or as soon as possible afterwards, and register his/her name for admission.

For each primary or infant school there is a planned admission limit, which for Wren's Nest is 60. This means that the maximum number of pupils that can be admitted to the school in any one year group is 60. If the school becomes oversubscribed, priority for places is determined according to the following criteria, in the order shown:

1. The child lives in the catchment area and has siblings in the school.
2. The child lives in the catchment area.
3. The child lives outside the catchment area and has siblings in the school.
4. Any other children.

The school follows the Dudley Admission Policy www.dudley.gov.uk/admissions
For further information contact Mrs Pugh, our school bursar or ring the Dudley Admissions Service 01384 814212
