

News from the Nest

Great results from our recent school inspection.

Dear Parents,

Please find attached the report from our recent inspection. We are delighted with the report and the huge number of judgements that were graded GOOD or OUTSTANDING. **Out of the 28 judgements made 71% (20 out of 28) were good or better!** The standards our children reach (attainment) is still not quite reaching the national level so this restricts us to being 'satisfactory' overall but our report shows that this attainment is improving and that learning is good. The number of excellent judgements within the report speaks for itself as did the views that you and the children shared with the inspectors through the questionnaires - Thank you for the huge support you gave us. Enjoy reading the report and feel proud of our school and community. I may be biased but I think we have the best school and children in the country!

Best wishes, Ruth Wylie
