Our Family Support Workers are available 8.30-6pm every day if you feel we can help you in any way please ask.

We visit every family in the area who has a new baby to tell them about the services we offer. We can arrange a home safety check in your own home.

Look out for our workshop sessions or short courses that run throughout the year on a variety of different topics.

Individual sessions are available to help you to stop smoking, eat healthily and keep fit.

The Children's Centre has links with Citizen's Advice Bureau, Job Centre Plus.

Child Care Support sessions take place daily morning session 9am-11.30am and afternoon session's 1pm-3.30pm term time only .

If you have a child that is 2years old or younger they may qualify for a place in our time for 2's playgroup.

Please ask us for more information. Thank you.

Everyone welcome.
